Cloud Backup for MSP : **LT & ProBackup**

Autonomy - Manageability – Security

While data backups are essential, fast and easy recovery means everything when problems occur!

Data loss and downtime are often enough to cause a business to close its doors.

Secure and recover the data you want and completely adapt your cloud backups to your client's needs while keeping total control.

Pick what you need from the date you prefer just in a few clicks and get back to work promptly with LTBackup and ProBackup.

ITCloud.ca is an Authorized Microsoft Multi-Tier distributor for CSPs, a NinjaRMM, Letsignit, Zerospam, AvePoint and Bitdefender Cloud Distributor in Canada. They have also been distributing their own managed and supervised cloud backup solutions for 15 years. Born in the cloud, ITCloud.ca was established in 2005 to provide cloud backup services in the form of supervised cloud solutions to Canadian MSPs. Boasting a network of over 1000 partners-resellers country-wide and tens of thousands of daily backups, this organization is among the top service providers of secured cloud backup and AV solutions as well as Microsoft cloud services in Canada. IT Cloud Solutions also stands at the forefront of the IT scene in terms of infrastructure and security.

With ITCloud.ca, MSPs across Canada can combine Business Continuity and Productivity in one single place!
