### CLOUD DATA ALSO NEEDS A SECURE BACKUP

Externalizing your data is now almost automatic, but why do so many businesses forget about their cloud data's safety? Microsoft offers a wide range of productivity services; did you know that a secure Office 365 backup is not amongst them? Don't just store and share your data; eliminate all data loss and corruption risks with a top-of-the-line Office 365 Backup.

Backup

ITCloud.ca is an Authorized Microsoft Multi-Tier distributor for CSPs, a NinjaRMM, Letsignit, Zerospam, AvePoint and Bitdefender Cloud Distributor in Canada. They have also been distributing their own managed and supervised cloud backup solutions for 15 years. Born in the cloud, ITCloud.ca was established in 2005 to provide cloud backup services in the form of supervised cloud solutions to Canadian MSPs. Boasting a network of over 1000 partners-resellers country-wide and tens of thousands of daily backups, this organization is among the top service providers of secured cloud backup and AV solutions as well as Microsoft cloud services in Canada. IT Cloud Solutions also stands at the forefront of the IT scene in terms of infrastructure and security.

With ITCloud.ca, MSPs across Canada can combine Business Continuity and Productivity in one single place!
